Professor Milukoff Criticizes
the Foreign Ministry in
Russian Duma.

ATS DIPLOMACY HAS
SUNK TO OLD SETTING

Chinese Emboldened by Com-
ments in Foreign Press on
Russian Ultimatum.

ST. PETERSBURG, March 15.—The
today discussed the budget of
foreign office and Professor Milukoff,
leader of the Constitutional Dem-
ocrats, took occasion to attack that
policy. In a brilliant speech on Rus-
sian diplomacy he drew pessimistic con-
clusions.

Despite the gravity of the general
situation in Europe and Asia, which
demanded explanation of Russia's at-
titude, Milukoff said the foreign office
restored the former irresponsible
policy and abandoned former Minister
Lokot's pressing initiative in taking
duma into his confidence on for-
eign affairs.

The meeting between Emperor Nichi-
shu and Emperor William at Potsdam,
professor declared, had affected
fundamentally the triple entente, re-
sulting in a new alliance, and agree-
ment to merely one of defense. Rus-
sian policy had lost her old friends
about gaining a new one. If the as-
sessment of Chancellor Von Bethmann-
Hollweg regarding the mutual obliga-
tion of the triple entente was not to
enter a hostile combination, Russia's
policy was correct. Russia's
policy to the allies and partners was
diminished.

Milukoff sharply criticized the
policy of Russia's attitude toward
China. The government should have
demanded, excessive and in-
demanded, China was no longer a
minority stockholder in yesterday's
meeting in St. Louis.

The speaker said, "recently has
been to make prominent projects which
looked to many permanent holders of
Russia's Pacific securities, as possibly
disastrous and the contest at St. Louis
was made to correct not only such an
impression, but to put the management
of the company into hands which pro-
tect the integrity of the system. The
result was that the real proprietors have
been preserved their property intact."

Mr. Gould would not say when the
statement regarding the Standard Oil in-
terests would be made public.

It is now. Christmas Soldier of Fortune Rules

HOUSTON, Tex., March 14.—It is no
longer General Christmas, soldier of
fortune, insurrecto and all around
fighting man, but Governor Lee Christ-
mas of the department of Cortez, Span-
ish Honduras. This is according to a
letter received here yesterday by At-
torney John M. Fenn from General

recently returned from a business visit
to Honduras.

This is the first news of the recog-
nition of Christmas's services by the
new Honduran government.

tention later to issue a statement of an
alleged effort by the Standard Oil in-
terests to force the corporation's wishes
upon the management of the Missouri
Pacific, said today in a statement that

LEE CHRISTMAS.

HUNDREDS BELIEVED TO HAVE PERISHED

People of Labrador Short of
Food and Shut Off From
Outer World.

ST. PETERSBURG, March 15.—That
the rigorous winter just closing has caused
extreme suffering and probably many
deaths among the people in the barren
Labrador peninsula who have been cut off
for months by great ice fields from the
possibility of securing food and clothing,
is the one fear felt here and in Newfound-
land.

The last reports which were received
late last fall, said the food supplies were
almost exhausted and that hundreds of
the natives, mainly fisher folk and their
families, were on the verge of starvation.
Supplies were immediately sent to relieve
the situation then regarded as extreme,
but months have passed since then and
the stricken Labrador people have had
no help nor has word come to the outside
world as to how they are faring.

Repeated efforts have been made to
carry succor to the starving people. Ves-
sels, laden with supplies of food and
clothing, have failed repeatedly to pierce
the ice which chokes the strait of Belle
Isle, the narrow stretch of water which
separates Labrador from the northern
coast of Newfoundland.

The present misfortunes of the Labra-
dor people had their beginning in the
failure of last season's fishing catch. It
was the poorest in years. As a result
there was no money on hand to buy food
and clothing. The interior of Newfoundland
was completely isolated for several days,
scarcely a telephone and telegraph wire
being left standing.

A blanket of snow reported in some
places as being from twenty to thirty
feet deep, covered most of the colony.

COURT REFUSES TO
PASS UPON BIG BILLS

WASHINGTON, March 15.—Justice
Gould, in the probate court here, today
refused to pass on the claims of Dr.
F. B. Baker of Johns Hopkins univer-
sity and Dr. C. F. Wainwright of New
York for \$11,500 and \$4,900, respective-
ly, alleged to be due to the university.
The president was unable to control the
debates.

Thurston tried to resume speaking, but
in vain, and the president was obliged to
ask him to leave the tribune as the hour
of adjournment had arrived.

Thurston's supporters raised a great
outcry and the president closed the sit-
ting. The opposing factions rushed to-
ward the tribune, but officers threw
themselves between the two parties and
prevented a collision. Only when the
lights were turned out did the deputies
quit the hall.

NEITHER SIDE LOOKS FOR
PEACEFUL SETTLEMENT

CINCINNATI, March 15.—Outside the
summoning of five hundred deputy
sheriffs at Somerset, Ky., to preserve or-
der there, the two sides in the strike of
the firemen of the Cincinnati, New
Orleans & Texas Pacific railroad
(Queen and Crescent) today. Apparent-
ly no move was made by either side
looking toward peace.

Passenger trains were running nearly
normally, but freight trains were not moving
and according to reports have not moved
north of Somerset for forty-eight hours.
The only way in which the firemen are
suffering from the strike was indicated by
reports of a fuel shortage. The first real
difficulty was reported to be the lack of
fuel for the electric light plant which would
close down tomorrow for lack of fuel.

AMERICAN OFFICERS
BANQUETED IN CHILI

VALPARAISO, Chile, March 15.—Presi-
dent Barrios gave a banquet last night
for Captain Gove, Commander Phelps and
the officers of the American battleship
DeWaver.

American Minister Fletcher was a
guest, as were the members of the cabinet
and high officials of the Chilean
army.

The minister of marine, in offering a
toast to President Taft, the American
ambassador, Mr. Phelps, said that
Chile appreciated the new evidence of
American friendship afforded in the visit
of the battleship which brought home the
body of the late Admiral Cragg, Chilean
minister at Washington.

FIRST SKIRMISH MONDAY

Arguments to Be Heard on De-
murrers Filed by Christopher
and Simmonds.

SEATTLE, March 15.—Secretary of
the Interior Walter L. Fisher is con-
centrating his forces in Seattle for the
work of canceling alleged fraudulent
Alaska coal land claims so that the
land may be opened for mining under
lease or royalty, as congress may di-
rect.

With the closing of the grand jury
session in Chicago the interior depart-
ment's Alaska coal experts and attor-
neys will be assembled in Seattle. S.
K. Rush, assistant to the United States
attorney general, with head-
quarters in Omaha, is already here
and has been engaged for ten days in
preparing the government's brief to be
used in the prosecution of fraudulent
land claims.

M. S. Hibbard, mining surveyor and
mining expert in the government em-
ploy, who was one of those who exam-
ined the Alaskan fields for the field di-
vision last fall, is expected in Seattle
tomorrow.

A. Christensen, chief of the field di-
vision, who is now in Seattle, who is
now in Chicago, will arrive in Seattle
within ten days and with him will
come B. D. Townsend, special assistant
to the attorney general. Both have
been engaged in Detroit and Chicago
in the grand jury work.

The first skirmish will occur on
March 20 when Judge C. H. Hanford
will hear the arguments on the demur-
rers filed by attorneys for Cornelius
Christopher and George Simmonds, in-
dicted in Tacoma last October. This
case involves 6,087 acres of coal lands
in the Katalla district of Alaska.

On March 25 the trial of Archie W.
Shields, C. F. Munday, Algernon A.
Stracey and Earl E. Siegle, charged
with conspiracy to defraud the govern-
ment of coal lands valued at more
than \$1,000,000, will begin.

The defendants were indicted by the
federal grand jury sitting at Tacoma.
As soon as the Stracey group shall
have been disposed of the government
forces will argue to the demurrer of
D. A. and C. A. McKenzie and Parr
Wright, indicted by the federal grand
jury sitting at Spokane on charges
similar to the others—conspiracy to ac-
quire coal lands in excess of the amount
allowed by law and in violation of the
statutes relating to the acquisition of
coal lands. The date for the trial has
not been set.

The Copper River and Alaska Cen-
tral railroads will build lines into the
coal fields as soon as they are opened
to mining.

Charge Against Women Students Made

an Uproar.

ST. PETERSBURG, March 15.—An ex-

An interpellation of the high schools was
under discussion, when Deputy Ushakov,
a member of the extreme right, alleged
that female students, during the revolu-
tionary period, consorted with drunken
soldiers in the left benches and started
a scene of uproar and great disorder.

MORPHINE RELIEVED PAIN— THE GREAT KIDNEY REM- EDY RESTORES TO HEALTH.

For the past few years I suffered
greatly from what three physicians
called neuritis of the stomach. The
doctors treated me without any success
and I called in a fourth doctor, who
pronounced my disease gall stones. I
suffered intense pain and the only re-
lief the doctor could give me was by in-
jections of morphine. I was so com-
pletely discouraged that I had almost
given up hope when a neighbor told me
about Dr. Kilmer's Swamp-Root. I de-
cided to try it and began its use at
once, and after taking nine bottles was
completely cured, not having a spell of
sickness in over two years.

I have so much confidence in Swamp-
Root that I never fail to recommend it
to my friends who may have kidney
trouble of any kind. I feel certain that
Dr. Kilmer's Swamp-Root saved my
life, why should it not do likewise to
others who take it in time?

You are at liberty to use this testi-
